Coherence

Coherence will be achieved through planning and discussion, with schemes of work for all courses at all levels documented in advance. Monitoring activities aim to consider individual pupil progress over the whole curriculum.

Relevance will be achieved:

The different needs of students will be achieved:

4. Inclusion

Teachers at GFA ensure that all students:

- are taught to enable them to experience success. This will be achieved through differentiation and a range of strategies to meet the student's special educational needs.
- use tools and materials that reflect a range of social and cultural backgrounds, without stereotyping
- have a common curriculum experience that allows for a range of different learning styles and differences in which they are able to participate fully in class and have same learning experiences as their peers', regardless of any specific educational or medical needs
- have clear, challenging yet achievable learning targets and outcomes that enable them to succeed
- review and inform the next stage of learning outcomes by using assessments and performance records.
- Flourish classes will follow the curriculum as closely as possible but the main priority for these classes that the lessons are relevant to the needs of the students.

5. Personal, Social & Health Education (PSHE) & Citizenship

The need for pupils to be healthy, to stay safe; to enjoy & achieve, to achieve economic well-being and to make a positive contribution to the community lies at the heart of the primary and secondary curriculum. The programme for PSHE & Citizenship is integrated into the Primary and Secondary Curriculum through the prescribed areas of interaction. These principles are further underpinned through the teaching of Social, Cultural and Moral Studies from Year 2 onwards. In Secondary, the programme of Character Education has also supported in their development as citizens.
